

FUNDING OF UP TO £2000, INCLUDING MENTORSHIP, TO DEVELOP A NEW PROJECT THAT ENHANCES THE USE OF DIGITAL INCLUSION IN SANDWELL

Do you have an idea that could change the lives of people who live in Sandwell for the better using digital technology?

It could be mobile applications, online platform, community projects or a campaign. If so, we want to help you develop it via the iSandwell project.

This is your opportunity to bid for funding that could support your organisation to develop and implement innovative initiatives that support digital inclusion in Sandwell.

You will be supported to develop the project in January 2020 for delivery between February and April 2020

A member of your team will be provided a mentor, learning about a range of skills such as open data, digital activism and civic technologies.

Along with the funding to create your project your organisation will benefit from a new skill set.

WHAT WILL WE FUND?

-  ONLINE COMMUNITY PROJECTS
-  DIGITAL EVENTS AND ACTIVITIES
-  VOLUNTEER PROGRAMMES
-  DIGITAL EDUCATION PROJECTS
-  DESKTOP OR MOBILE APPLICATIONS

WHAT DO YOU NEED TO KNOW?

To be considered for funding you must submit an original idea that has not received funding before and we prefer that your project has an element of sustainability so it could carry on after the funding period has ended.

ARE YOU READY TO APPLY?

To receive your application pack email hello@isandwell.org.uk and return it by Friday 13th December.
